

**MOXXOR®**

PURE & NATURAL FROM NEW ZEALAND

## WHY MOXXOR OMEGA 3?

Scientists have determined that Omega-3s are essential to the development and health of every cell in our body. They are an absolute foundation for good health.

### What Distinguishes MOXXOR Omega 3 From The Rest

#### NUTRITION: MOXXOR Omega 3

Contains all known omega-3's (including ALA, SDA, ETA, EPA, DHA) in their bioactive CIS form.

Kiwifruit seed oil perfectly complements the omega-3's, adding all eight natural forms of Vitamin E (all 4 tocopherols, and all 4 tocotrienals).

The antioxidant nutrients of the grape seed add the potent free-radical protection of OPC (Oligomeric Proanthocyanidins).

MOXXOR's Omega-3 formula also naturally provides other vital nutrients like folate, lutein, astaxanthin and zeaxanthin.

The full-spectrum formula is a perfect synergy of compounds, reducing the demand for other vital nutrients.

Easy to digest and assimilate into the cell.

No known side-effects or allergies.

#### SAFETY: MOXXOR Omega 3

Strictly monitored and protected by New Zealand's stringent government standards.

Greenlip Mussels (GLMs) are raised in natural open waters not toxic fish farms.

Cold, rather than heat, extracted.

Not altered, concentrated or manipulated.

No carrier oils, No excipients, No artificial compounds.

No additives, No solvents or chemicals.

All 100% natural ingredients.

**NATURAL - AS NATURE INTENDED!**
